**For the attention of Mr A P Scurfield**

Dear Mr Scurfield,

Thank you for your request for Agricultural Land Classification in the Highworth area.

We have not done any detailed survey work in this area.

I have enclosed the 1" to the mile map which is relevant to this area. This information is provisional and not detailed enough to be site specific.

It is reasonably probably that the area as outlined on your map, which is Grade 3 could fall into Grade 3A if a detailed survey is done.

I hope this information is some help to you, should you require more information please do not hesitate to contact me.

Yours sincerely

pp Mark Watson  
Regional Planning Adviser
